# **Independent Auditors' Report**

To the Board of Directors of Houston Zoo, Inc.:

## Report on the Audit of the Financial Statements

## **Opinion**

We have audited the financial statements of Houston Zoo, Inc., which comprise the statements of financial position as of December 31, 2023 and 2022, and the related statements of activities, of functional expenses, and of cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Houston Zoo, Inc. as of December 31, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Houston Zoo, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Houston Zoo, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Houston Zoo, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Houston Zoo, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Notes to Financial Statements for the years ended December 31, 2023 and 2022

### NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization – The organization was created by the City of Houston (the City) in April 1922 as a zoo program and facility to benefit the citizens of Houston and surrounding areas. In 2002, the Houston Zoo was privatized by order of the City and operates as Houston Zoo, Inc. (the Houston Zoo), an award-winning AZA-accredited Zoo for All. Recognized as a global model for zoo-based wildlife conservation, Houston Zoo is committed to providing animal experiences and conservation education programs that inspire guests to take action to save wildlife.

<u>Federal income tax status</u> – The Houston Zoo is exempt from federal income tax under §501(c)(3) of the Internal Revenue Code and is classified as a public charity under §509(a)(2).

<u>Cash</u> – Bank deposits exceed the federally insured limit per depositor per institution.

Accounts receivable primarily represent amounts due from a concession contract and is based on amounts that reflect the consideration to which the Houston Zoo expects to be entitled to in exchange for performance obligations already satisfied. The Houston Zoo assesses collectability of concessionaires at contract inception and does not require collateral or provide financing. The Houston Zoo estimates expected credit losses based on historical collection experience adjusted for management's expectations about current and future economic conditions, which indicate that there are no expected credit losses at December 31, 2023 or 2022.

Contributions receivable that are expected to be collected within one year are reported at net realizable value. Amounts expected to be collected in future years are discounted to estimate the present value of future cash flows. Discounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of discounts is included in contribution revenue. An allowance for uncollectible contributions receivable is provided when it is believed balances may not be collected in full. The amount of loss on contributions recognized each period and the resulting adequacy of the allowance at the end of each period are determined using a combination of historical loss experience and individual account-by-account analysis of receivable balances. At December 31, 2023, management has determined that an allowance for uncollectible contributions receivable is not necessary.

<u>Investments</u> are reported at fair value. Net investment return consists of interest and dividends, realized and unrealized gains and losses, net of external and direct internal investment management and custodial expenses. Investment return is reported in the statement of activities as an increase in *net assets without donor restrictions* unless the use of the income is limited by donor-imposed restrictions. Net investment return whose use is restricted by the donor is reported as a change in *net assets with donor restrictions* until expended in accordance with donor-imposed restrictions.

<u>Property and equipment</u> are reported at cost, if purchased, or at fair value at the date of gift, if donated. The Houston Zoo capitalizes property and equipment that has a cost or fair value of \$10,000 or greater and an estimated useful life of more than one year. The Houston Zoo recognizes depreciation using the straight-line method over the estimated useful lives of the assets, ranging from 3 to 30 years.

<u>Animal and horticultural collections</u> – In accordance with industry practice, the Houston Zoo does not capitalize animal and horticultural collections; acquisitions are reported as expenditures in the period of acquisition. The Houston Zoo is responsible for the health and welfare of its animal and horticultural collections. The Houston Zoo maintains records of its collections and any exchanges with other organizations. Under the direction of the Board of Directors (the Board) of the Houston Zoo, the President, and the curatorial staff, collections continue to be cared for, used, and expanded. In 2023 and 2022, the Houston Zoo expended approximately \$45,000 and \$153,000, respectively, to expand its collections.

In an ongoing commitment to enhance worldwide reproduction and conservation of animals, the Houston Zoo exchanges animals with zoos and aquariums accredited by the AZA. Consistent with industry practice, the Houston Zoo does not record any liability for such exchange arrangements as generally these arrangements are without monetary consideration.

<u>Lease right-of-use assets</u> are recognized at the present value of the lease payments at the inception of the lease adjusted, as appropriate, for certain other payments and allowances related to obtaining the lease and placing the asset in service. Finance lease right-of-use assets are amortized on a straight-line basis over the shorter of the estimated useful life of the asset or the lease term. Operating lease right-of-use assets are amortized so that lease costs remain constant over the lease term.

<u>Deferred membership admission fees and guest program fees</u> result from payments received before the performance obligations are satisfied and are expected to be recognized as revenue in the following year. At December 31, 2023, 2022, and 2021, deferred membership fees are \$4,379,103, \$3,718,336, and \$3,868,034, respectively. At December 31, 2023, 2022, and 2021, deferred guest program fees are \$425,937, \$503,639, and \$511,396, respectively.

<u>Net asset classification</u> – Net assets, revenue, gains, and losses are classified based on the existence or absence of donor-imposed restrictions, as follows:

- Net assets without donor restrictions are not subject to donor-imposed restrictions even though their use may be limited in other respects such as by contract or board designation.
- Net assets with donor restrictions are subject to donor-imposed restrictions. Restrictions may be temporary in nature, such as those that will be met by the passage of time or use for a purpose specified by the donor, or may be perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Net assets are released from restrictions when the stipulated time has elapsed, or purpose has been fulfilled, or both. Contributions of long-lived assets and of assets restricted for acquisition of long-lived assets are released when those assets are placed in service. Donor-restricted endowment earnings are released when those earnings are appropriated in accordance with spending policies and are used for the stipulated purpose.

<u>Fees and program revenue</u> are derived primarily from admission to the zoo, park management services, guest program services, concessions, and educational programs. Revenue is recognized when the services are provided in an amount that reflects the consideration that the Houston Zoo expects to be entitled to in exchange for those services. The nature of these services does not give rise to contract costs, refunds, warranties or other related obligations.

Admission fees are from residents of Houston and the surrounding area for access to the Houston Zoo. Admission fees entitle visitors to a single day access to the zoo and are collected and recognized as revenue at the point of sale.

City management fee — The Houston Zoo has a 50-year service concession agreement with the Houston Zoo Development Corporation (HZDC), a local government corporation created by the City, to operate, maintain, manage, and develop the zoo premises. HZDC has a 50-year lease agreement with the City for the land, buildings, and improvements of the zoo premises. Under the service concession agreement with HZDC, the Houston Zoo receives an annual management fee that increases annually based on the Consumer Price Index. The management fee is subject to annual appropriation and budget approval by the City. The service concession agreement can be terminated by the Houston Zoo if the annual appropriation is not approved by the City. Revenue under the service concession agreement is recognized ratably over time based on the output method as management services are performed. Payment is due monthly from HZDC.

Guest program fees – Guest program fees are recognized at a point in time when the admission or event occurs or service is provided and include admission fees for special exhibits, special events such as Zoo Lights and Feast with the Beast, children carousel rides, giraffe feeding, and facility and stroller rentals. Payment for guest program fees is due when the admission occurs, or services are provided. Facility rentals require a non-refundable deposit due upon execution of a contract with the remaining balance due prior to the event.

Membership admission fees – Membership dues are comprised of an exchange element based on the value of benefits provided, and a contribution element for the difference between the total membership fees paid and the exchange element and are due at the time of purchase. Memberships provide various benefits based on membership level such as admission to the zoo, discounted tickets for admission, special exhibits and events, private tours, discounted facility rentals, discounts at the gift shop and restaurants, and invitations to private events. Membership admission fees represent the fair value of benefits provided to members and are recognized ratably over the annual membership period based on the output method. The fair value of each benefit is based on the expected utilization. Payments for membership admission fees received for performance obligations not yet satisfied are reported as deferred revenue. The excess of membership dues paid over membership admission fees is recognized upon receipt and is reported with contributions.

The Houston Zoo allows visitors to purchase pre-paid tickets for admission, as well as other guest programs. Pre-paid tickets for admission must be utilized for the reserved day. Payments received for pre-paid tickets are reported as deferred guest program fee revenue until the tickets are utilized.

Concession contract income – The Houston Zoo has a contract with a concessionaire to operate the gift shop and provide food services. The contract runs through 2027, but by mutual consent can be extended for up to two additional five-year terms. The terms of the agreement provide for variable consideration based on sales by category of goods sold and the range of total sales. If the Houston Zoo achieves specified attendance benchmarks, it is entitled to receive a minimum annual guarantee regardless of amount of goods sold. Revenue is recognized over a period of time based on sales for the month. Payment is due monthly based on the prior month's sales.

Educational program fees – The Houston Zoo offers educational experiences, including summer camps, training for teens as volunteers for teen zoo crew, overnight campouts, animal encounters and other experiences. Educational program fees are due prior to the scheduled event. Animal encounter fees are recognized when the event occurs while other educational program fees are recognized ratably over the period of time that the program occurs.

Discounts provided to Houston Zoo members and staff for admission, guest program fees, and educational program fees reduce the amount of consideration the Houston Zoo expects to be entitled to receive and the related revenue is presented net of discounts. Admission discounts also are provided to schools, military personnel, METRO riders, City Pass, Lonestar, groups, and corporate partners. Admission fees are reported net of the discounts.

<u>Contributions</u> are recognized as revenue at fair value when an unconditional commitment is received from the donor. Contributions received with donor stipulations that limit their use are classified as *net assets with donor restrictions*. Conditional contributions are subject to one or more barriers that must be overcome before the organization is entitled to receive or retain funding. Conditional contributions are recognized as revenue at fair value when conditions have been met. Funding received before conditions are met is reported as refundable advances.

<u>Contributed nonfinancial assets</u> – Contributions of services are recognized when services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. During 2023, approximately 600 volunteers contributed approximately 39,000 hours in connection with programs. During 2022, approximately 520 volunteers contributed approximately 32,000 hours in connection with programs. No amount has been recorded in the financial statements because the services did not meet the criteria for recognition under generally accepted accounting principles.

<u>Special events revenue</u> is the total amount paid by sponsors and attendees of an event and includes elements of both contributions and exchange transactions. Special events revenue is recognized when the event occurs. Amounts received for future events represent conditional contributions and are reported in the statement of financial position as deferred revenue until earned. Cost of benefits provided to donors represent the cost of goods and services provided to attendees of special events.

<u>Grants made</u> are recognized as expense at fair value when the Houston Zoo approves an unconditional commitment to a grant recipient. Commitments made but not yet funded are recorded as grants payable and are discounted, if material, to estimate the present value of future cash flows.

Advertising and marketing costs are expensed as incurred.

<u>Functional allocation of expenses</u> – Expenses are reported by their functional classification. Program services are the direct conduct or supervision of activities that fulfill the purposes for which the organization exists. Fundraising activities include the solicitation of contributions of money, securities, materials, facilities, other assets, and time. Membership development activities include soliciting for prospective members and membership dues, membership relations, and similar activities. Management and general activities are not directly identifiable with specific program or other supporting activities. Expenses that are attributable to more than one activity are allocated among the activities benefitted. Salaries and related costs are allocated on the basis of estimated time and effort expended. Training, postage and delivery, telephone, fuel, uniforms and insurance are allocated based on employee headcount of each department. Information technology costs are allocated based on estimates of time and costs of specific technology utilized.

<u>Estimates</u> – Management must make estimates and assumptions to prepare financial statements in accordance with generally accepted accounting principles. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, the amounts reported as revenue and expenses, and the allocation of expenses among various functions. Actual results could vary from the estimates that were used.

<u>Reclassifications</u> – Certain reclassifications have been made to the prior year financial statements to conform with the current presentation.

## NOTE 2 – LIQUIDITY AND AVAILABILITY OF RESOURCES

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use within one year of December 31 comprise the following:

	<u>2023</u>	<u>2022</u>
Financial assets:		
Cash	\$ 1,288,497	\$ 3,872,751
Accounts receivable	1,198,832	1,075,077
Operating contributions receivable	2,287,925	2,988,424
Restricted or designated cash	14,419,831	14,292,858
Contributions receivable for Centennial campaign, net	46,175,727	47,959,035
Investments	61,063,508	57,661,544
Total financial assets	126,434,320	127,849,689
Less financial assets not available for general expenditure:		
Donor-restricted for Centennial campaign and capital acquisitions	(46,768,983)	(48,640,035)
Board-designated for strategic operating and capital initiatives	(42,467,119)	(42,372,399)
Board-designated endowment funds	(14,077,584)	(13,344,506)
Board-designated operating reserve	(8,662,247)	(7,362,579)
Donor-restricted endowment funds	(8,624,890)	(7,310,317)
Donor-restricted funds not expected to be used within one year	(1,492,331)	(3,064,916)
Total financial assets available for general expenditure	<u>\$ 4,341,166</u>	<u>\$ 5,754,937</u>

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Houston Zoo considers all expenditures related to its ongoing activities, as well as the conduct of services undertaken to support those activities other than capital expenditures, to be general expenditures.

As part of the Houston Zoo's liquidity management, financial assets have been structured to be available as its general expenditures, liabilities, and other obligations become due by maintaining a significant portion of its assets in cash. The Houston Zoo's Board has designated a portion of its unrestricted resources for endowment and other purposes. These board-designated funds, other than the board-designated maintenance endowment fund, are invested for long-term appreciation and current income, but remain available to be spent at the Board's discretion. The board-designated maintenance endowment is invested for the long term, but its use is subject to the terms of the contract with HZDC and the City.

# NOTE 3 – CONTRIBUTIONS RECEIVABLE

Contributions receivable consist of the following:

	<u>2023</u>	<u>2022</u>
Centennial campaign Government agencies	\$ 48,619,591	\$ 51,515,474 710,526
Other	2,287,925	2,277,898
Total contributions receivable Discount to net present value at 0.17% to 4.22%	50,907,516 (2,443,864)	54,503,898 (3,556,439)
Contributions receivable, net	<u>\$ 48,463,652</u>	\$ 50,947,459

Contributions receivable at December 31, 2023 are expected due as follows:

Receivable in less than one year	\$	8,748,164
Receivable in one to five years	_	42,159,352
Total contributions receivable	\$	50,907,516

At December 31, 2023, approximately 82% of contributions receivable is due from one foundation. At December 31, 2022, approximately 79% of contributions receivable is due from one foundation.

The Houston Zoo has received conditional contributions contingent upon meeting certain criteria specified by donors or government agencies. These amounts are not recorded in these financial statements as the conditions have not yet been met. Refundable advances are recorded for amounts received in advance from those conditional contributions receivable, which totaled \$800,190 and \$2,291,103 at December 31, 2023 and 2022, respectively. At December 31, 2023 and 2022, the Houston Zoo has approximately \$640,000 and \$430,000, respectively, of conditional contributions from various government agencies, which have not been recognized in the accompanying financial statements because the conditions have not been met. The Houston Zoo will recognize these contributions as qualifying grant expenditures are incurred and/or performance requirements are met.

#### **NOTE 4 – INVESTMENTS**

Investments consist of the following:

	<u>2023</u>	<u>2022</u>
Equity mutual funds	\$ 35,021,771	\$ 31,505,089
Fixed-income mutual funds	9,004,858	7,849,037
U. S. Treasury notes	8,313,971	8,102,257
Money market mutual funds	3,832,677	2,097,327
Corporate bonds and notes	2,713,448	6,201,471
Limited partnership select equity funds	2,176,783	1,906,363
Total investments	<u>\$ 61,063,508</u>	\$ 57,661,544

Investments at December 31, 2023 and 2022 are held for the endowment and board-designated operating reserves.

Investments are exposed to various risks such as interest rate, market, and credit risks. Because of these risks, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position and statement of activities.

# **NOTE 5 – FAIR VALUE MEASUREMENTS**

Generally accepted accounting principles require that certain assets and liabilities be reported at fair value and establish a hierarchy that prioritizes inputs used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with Accounting Standards Update 2015-07, *Fair Value Measurements*, investments for which fair value is measured at net asset value per share (or its equivalent) using the practical expedient have not been categorized in the fair value hierarchy. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the reporting date. The types of investments included in Level 1 are securities traded and valued based upon a public exchange.
- Level 2 Inputs are quoted prices in nonactive markets or in active markets for similar assets or liabilities, or inputs which are either directly or indirectly observable with observable market data at the reporting date.
- Level 3 Inputs are not observable and are based on the reporting entity's assumptions about the inputs market participants would use in pricing the asset or liability.

Assets measured at fair value at December 31, 2023 are as follows:

		LEVEL 1		LEVEL 2	LEVEL 3		TOTAL
Investments:							
Equity mutual funds:							
Domestic large-cap growth	\$	24,057,241					\$ 24,057,241

(a) The objective of these funds is to generate long-term growth in assets by investing primarily in equity and equity-related securities. Redemptions are generally allowed quarterly following the lock-up period of at least 12 months. Redemptions shall require no less than 90 days prior written notice but may be restricted in amount at any given date. The capital available for redemption may be subject to redemption charges and may not include capital attributable to funds participating in illiquid investments. There are no unfunded commitments at December 31, 2023.

Valuation methods used for assets measured at fair value are as follows:

- Mutual funds are valued at the net asset value of shares held at year end.
- U. S. Treasury notes are valued using prices obtained from active market maker and inter-dealer brokers on a daily basis.
- Corporate bonds and notes are valued using prices obtained from independent quotation bureaus that use computerized valuation formulas to calculate fair values.
- Interest rate swap agreement is valued using independent quotation bureaus that use computerized valuation models which include cash flow analysis, credit spread and benchmark rate curves.
- Limited partnership select equity funds are valued using the net asset value (NAV) per share (or its equivalent) as a practical expedient to determine the fair value of investments in partnerships or funds that do not have a readily determinable fair value and are not required to be categorized by level in the fair value hierarchy. NAV is based on information provided by the general partners or fund manager of each fund.

These valuation methods may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Houston Zoo believes its valuation methods are appropriate, the use of different methods or assumptions could result in a different fair value measurement at the reporting date.

### **NOTE 6 – LEASES**

The Houston Zoo adopted Accounting Standards Codification Topic 842, *Leases*, effective January 1, 2021, using a modified retrospective method recognizing the cumulative effect on the date of adoption without restating any prior year amounts or disclosures. A one-time cumulative effect adjustment of \$62,505 was made to beginning net assets for the year ended December 31, 2022. At December 31, 2023 and 2022, operating lease right-of-use assets and lease liabilities included copiers, storage facility and other equipment. Finance lease right-of-use assets and lease liabilities included vehicles.

The Houston Zoo has adopted the following accounting policy elections:

- Short-term leases The Houston Zoo has elected to not apply the recognition requirements to leases with terms of 12 months or less. Instead, these leases are recognized as expense on a straight-line basis over the lease term.
- *Discount rates* The Houston Zoo elected to use its incremental borrowing rate as the discount rate when the rate implicit in a lease is not readily determinable.
- Lease and non-lease components The Houston Zoo elected the practical expedient to choose whether to separate non-lease components from lease components by class of underlying assets or account for them as a single lease component. The Houston Zoo elected not to separate lease and non-lease components for copier leases and elected to separate lease and non-lease components for other leases.

The components of lease costs are as follows:

		<u>2023</u>	<u>2022</u>
Finance lease costs:			
Amortization of right-of-use assets	\$	225,995	\$ 133,343
Interest on lease liabilities		21,185	13,160
Operating lease costs		165,078	102,324
Short-term lease costs		11,878	 80,893
Total lease costs	<u>\$</u>	424,136	\$ 329,720

Cash paid for amounts included in the measurement of lease liabilities:

	<u>2023</u>	<u>2022</u>
Finance leases:		
Operating cash outflows	\$21,185	\$13,160
Finance cash outflows	\$217,695	\$129,326
Operating leases – operating cash outflows	\$165,078	\$102,324

The weighted-average term and discount rate for both operating and finance leases outstanding as of December 31, 2023:

	<u>OPERATING</u>	FINANCE
Weighted-average remaining lease term	23 months	30 months
Weighted-average discount rate	4.20%	3.91%

The weighted-average term and discount rate for both operating and finance leases outstanding as of December 31, 2022:

	<u>OPERATING</u>	FINANCE
Weighted-average remaining lease term	17 months	26 months
Weighted-average discount rate	4.22%	3.79%

Undiscounted cash flows related to operating and finance lease liabilities at December 31, 2023 are as follows:

	OF	PERATING	<u>FINANCE</u>
2024 2025 2026 2027	\$	139,493 15,217	\$ 239,268 186,981 110,704 11,523
Total undiscounted cash flows Less discount to present value		154,710 (6,947)	 548,476 (25,598)
Total discounted present value of lease liabilities	\$	147,763	\$ 522,878

# NOTE 7 – PROPERTY AND EQUIPMENT

Property and equipment consist of the following:

	<u>2023</u>	<u>2022</u>
Leasehold improvements Furniture, fixtures and equipment Construction in progress	\$ 315,909,206 19,485,101 16,016,647	\$ 202,955,432 17,197,154 88,330,477
Total property and equipment, at cost Accumulated depreciation	351,410,954 _(104,289,302)	308,483,063 (93,018,252)
Property and equipment, net	<u>\$ 247,121,652</u>	<u>\$ 215,464,811</u>

## NOTE 8 – INTEREST RATE SWAP AGREEMENT

The Houston Zoo entered into an interest rate swap agreement with a bank that effectively converted its variable rate loan to a fixed rate. The terms of the interest rate swap agreement are as follows:

	NOTIONAL	AMOUNT	FAIR VA	ALUE
TERMS	<u>2023</u>	<u>2022</u>	<u>2023</u>	<u>2022</u>
The Houston Zoo receives 87.4% of Daily Simple SOFR floating rate plus 0.956% and				
pays 2.433%; terminates September 19, 2034.	\$30,000,000	\$8,487,231	\$3,497,438	\$3,682,004

# **NOTE 9 – NOTES PAYABLE**

In September 2019, the Houston Zoo entered into a \$30 million tax-exempt loan agreement with a bank. Proceeds from the loan are being used to finance the construction of a new garage and administration building. The loan bears interest at 87.4% of Daily Simple SOFR plus 0.956% (6.34% at December 31, 2023). Interest is due monthly until September 2024 when principal and accrued interest are due monthly. The loan matures in September 2034. The loan is secured by a security interest in the Houston Zoo's gross revenue and certain depository accounts. At December 31, 2023 and 2022, the outstanding principal balance was \$30,000,000 and \$6,620,436, respectively.

In September 2019, the Houston Zoo entered into a line of credit agreement with a bank to borrow up to \$55 million on a revolving basis during the period from September 2019 through September 2024. Proceeds from the line of credit are to be used to finance the construction of the *Centennial* campaign projects. The line of credit bears interest at Daily Simple SOFR plus 1.308% (6.69% at December 31, 2023). Interest is due monthly until September 2024 when principal and accrued interest are due monthly. The line of credit matures in September 2029. The line of credit is secured by a security interest in the Houston Zoo's gross revenue, certain depository accounts, and proceeds from the contributions and pledges related to the *Centennial* campaign. At December 31, 2023 and 2022, the outstanding principal balance was \$9,543,455 and \$26,249,106, respectively.

Principal maturities of notes payable are due as follows:

2024	\$ 1,227,173
2025	4,908,691
2026	4,908,691
2027	4,908,691
2028	4,908,691
Thereafter	18,681,518
Total	<u>\$ 39,543,455</u>

Capitalized interest totaled approximately \$1,300,000 in 2023 and \$843,000 in 2022. The effective interest rate for all loans for fiscal years 2023 and 2022 was 3.60% and 2.79%, respectively.

The Houston Zoo has a \$10,000,000 revolving line of credit with a bank that matures in March 2025. There were no draws during 2023 or 2022 and no amounts outstanding on the line of credit at December 31, 2023 or 2022.

# NOTE 10 – NET ASSETS WITHOUT DONOR RESTRICTIONS

Net assets without donor restrictions are comprised of the following:

	<u>2023</u>	<u>2022</u>
Property and equipment, net	\$ 236,123,771	\$ 143,197,842
Board-designated for strategic operating and capital initiatives	42,467,119	42,372,399
Board-designated endowment funds:		
Maintenance	8,983,247	9,175,142
General	5,094,337	4,169,364
Board-designated operating reserve	8,662,247	7,362,579
Zoo operations	921,728	10,292,349
Total net assets without donor restrictions	\$ 302,252,449	<u>\$ 216,569,675</u>

The Houston Zoo has a policy regarding establishing board-designated endowments to fund maintenance reserves in accordance with the terms of the contract with HZDC and the City. For any exhibits that include \$500,000 or more in construction costs, the Houston Zoo must establish a maintenance reserve equal to 5% of the construction cost. In addition, the Board established a policy for the general endowment fund, whereby any bequest received that is not donor restricted is to be added to the general endowment fund unless otherwise approved by the Houston Zoo's Finance Committee.

The Board does not have specific policies regarding establishing other reserves. However, the Board designates excess cash flows for reserves or specific projects, as deemed prudent. Use of board-designated reserves must be approved by the Board.

## NOTE 11 – NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions are restricted as follows:

		<u>2023</u>		<u>2022</u>
Subject to expenditure for specified purpose:  Centennial campaign Conservation John P. McGovern Children's Zoo Animal care Other	\$	4,488,472 936,396 593,256 379,343 126,557	\$	66,602,342 2,180,263 681,000 214,437 85,358
Total subject to expenditure for specified purpose	_	6,524,024	_	69,763,400
Subject to passage of time:  Contributions receivable that are not restricted by donors, but which are unavailable for expenditures until due  Endowments: Subject to spending policy and appropriation:		683,885		391,755
John P. McGovern Children's Zoo Conservation programs Special event Education and scholarship funds Other		4,319,520 1,601,270 1,204,810 1,162,723 336,567	_	3,671,428 1,361,017 1,024,042 989,927 263,903
Total endowments		8,624,890		7,310,317
Total net assets with donor restrictions	\$	15,832,799	\$	77,465,472

## **NOTE 12 – ENDOWMENT FUNDS**

The Houston Zoo's endowment (the Endowment) was established for the purpose of supporting operating needs and program services that are consistent with the Houston Zoo's mission, and to provide growth and expansion of programs and/or creation of new programs. The Endowment includes both donor-restricted endowment funds and funds designated by the Board of the Houston Zoo to function as endowments.

Donor-restricted endowment funds are subject to the Texas Uniform Prudent Management of Institutional Funds Act (TUPMIFA). The Board has interpreted TUPMIFA as allowing the Houston Zoo to appropriate for expenditure or accumulate as much of an endowment fund as it determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund was established, subject to explicit donor stipulations.

Donor-restricted endowment net assets are classified as *net assets with donor restrictions* until appropriated in accordance with spending policies and used for the stipulated purpose, if any. The Houston Zoo classifies contributions to an endowment plus any donor-stipulated accumulations as *net assets with donor restrictions* required to be maintained in perpetuity. The unappropriated investment earnings on donor-restricted endowments are classified as *net assets with donor restrictions* accumulated net investment return. The Board has interpreted TUPMIFA as not precluding the Houston Zoo from spending below the amount required to be maintained in perpetuity subject to prudent standards. An endowment fund is *underwater* if the fair value of the fund's investments falls below the amount required to be maintained in perpetuity because of declines in the fair value of investments and/or continued appropriation and spending in accordance with prudent measures. There were no underwater funds at December 31, 2023 and 2022.

Board-designated endowment funds are classified as *net assets without donor restrictions* and represents the funds the Board has internally designated to be invested to provide support for the Houston Zoo generally for the long term, but not necessarily a specified period of time. The Board retains discretion over the use of these funds.

## **Investment Objectives**

The Houston Zoo has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to enhance its real (inflation-adjusted) value over time. Under this policy, as approved by the Board, the endowment assets are invested in a manner that is intended to produce results that are the greater of the Consumer Price Index plus 4% to 5% or a custom index, while assuming a moderate level of investment risk. The Houston Zoo expects its endowment funds, over time, to provide a real return of approximately 4% to 5% over the long term. Actual returns in any given year may vary from this amount.

Endowment funds are maintained in investment accounts which are managed by independent financial advisors that follow guidance provided in an investment policy approved by the Board. To satisfy its long-term rate-of-return objectives, the Houston Zoo relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Houston Zoo targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

## **Spending Policy**

The Houston Zoo has a policy of appropriating for distribution each year up to 3% of its endowment fund's average fair value over the prior 12 quarters through the calendar year end preceding the fiscal year in which the distribution is planned but may not exceed the cumulative actual earnings and appreciation of the funds. In establishing this policy, the Houston Zoo considered the long-term expected return on its endowment. The Houston Zoo's objective is to enhance the real (inflation-adjusted) value over time of the endowment assets held in perpetuity or for a specified term through new gifts and investment return.

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or TUPMIFA requires the Houston Zoo to retain as a fund of perpetual duration. In accordance with generally accepted accounting principles, deficiencies of this nature are reported in *net assets with donor restrictions*, if any.

Changes in endowment net assets are as follows:

				WITH DONOR I	RESTE	RICTIONS		
		BOARD-		CCUMULATED	,	UIRED TO BE		
		DESIGNATED ENDOWMENT	NE	T INVESTMENT RETURN		AINTAINED PERPETUITY		TOTAL
		ENDOWMENT		KETUKN	111	FERFEIUIII		TOTAL

# NOTE 13 – FEES AND PROGRAM REVENUE

The Houston Zoo disaggregates revenue by type of revenue as this depicts the nature, amount and timing, uncertainty and cash flows affected by economic factions. Revenue from contracts with customers consists of the following for the years ended December 31:

			2023	
		OVER TIME	POINT-IN- <u>TIME</u>	TOTAL
Admission fees			\$ 23,717,303	\$ 23,717,303

# **NOTE 14 – GOVERNMENT GRANTS**

Government grant revenue includes the following:

	2023	<u>2022</u>
U. S. Fish and Wildlife Service Institute of Museum and Library Services	\$ 512,193	\$ 589,124 101,341
Total government grants	\$ 512,193	\$ 690,465

The Houston Zoo's government grants require fulfillment of certain conditions as set forth in the grant contracts and are subject to review and audit by the awarding agencies. Such reviews and audits could result in the discovery of unallowable activities and unallowable costs. Consequently, any of the funding sources may, at their discretion, request reimbursement for expenses or return of funds as a result of non-compliance by the Houston Zoo with the terms of the contracts. Management believes such disallowances, if any, would not be material to the Houston Zoo's financial position or changes in net assets.

### **NOTE 15 – RETIREMENT PLAN**

The Houston Zoo's retirement savings plan is qualified under §401(k) of the Internal Revenue Code. The plan allows eligible employees to contribute a portion of their earnings each plan year subject to certain Internal Revenue Service limitations and to defer federal income taxes on the contributions. The Houston Zoo matches 100% of the first 3% of employee contributions and matches 50% of contributions from 3% to 5%. The employee is immediately 100% vested in the employer's contributions. The Houston Zoo contributed approximately \$791,000 and \$718,000 to the plan during 2023 and 2022, respectively.

# **NOTE 16 – COMMITMENTS**

As of December 31, 2023, the Houston Zoo has entered into various construction commitments totaling approximately \$130 million. The unrecognized balance of these commitments at December 31, 2023 was approximately \$21 million.

### **NOTE 17 – SUBSEQUENT EVENTS**

Subsequent to year end, the Houston Zoo borrowed approximately \$1.6 million and made principal payments of approximately \$10.2 million on its \$55 million revolving line of credit.

Management has evaluated subsequent events through June 11, 2024, which is the date that the financial statements were available for issuance. As a result of this evaluation, no events other than as disclosed above, were identified that are required to be disclosed or would have a material impact on reported net assets or changes in net assets.
