

Prepared for The Houston Zoo

THE MAGIC OF THE GALÁPAGOS ISLANDS

July 20th - 28th, 2025

INTRODUCTORY NOTE

Conservation Through Responsible Travel

Dear Houston Zoo Supporters,

It is with immense pleasure that the Houston Zoo extends an invitation to you for a captivating journey to the Galápagos Islands aboard our exclusive yacht.

Our meticulously crafted yacht safari will take you on a spellbinding exploration of San Cristobal, Floreana, Española, Santa Cruz, Genovesa, and Rabida Islands. Each destination is a jewel in the crown of the Galápagos archipelago, offering a kaleidoscope of unique landscapes and an unparalleled opportunity to witness the incredible biodiversity that has captivated explorers and naturalists for centuries.

Our yacht, equipped with modern comforts and guided by experienced naturalists, ensures an immersive and educational experience. This expedition promises a perfect blend of relaxation and exploration, offering a front-row seat to the wonders of this UNESCO World Heritage site.

Seize the opportunity to be part of this once-in-a-lifetime adventure. Limited spaces are available for this exclusive yacht safari, so we encourage you to secure your reservation now.

Embark on this extraordinary journey with us, and let the magic of the Galápagos Islands unfold before your eyes.

Regards,
Nick Espinosa

MEET YOUR HOST - JILLIAN DAY

Director of Development Programs

Jillian Day, CFRE, CSPG is currently the Director of Development Programs at the Houston Zoo. She is a fundraising generalist with over 12 years of experience in major and planned giving. In her current role, she oversees the Zoo's corporate giving and gift planning programs, as well as engagement of the organization's leadership donor club. Previously, she was a gift officer who raised millions in major and planned gifts for the Zoo's Centennial Campaign. She has been at the Zoo for 8 ½ years. She serves as the Secretary of the Advancement Committee for the Association of Zoos & Aquariums. She has a Master's in Sociology from Portland State University.

While she was born and raised in South Florida, she got to Houston as quickly as possible by marrying her husband, a native Texan. She looks forward to traveling to the Galapagos Islands as she raised millions of dollars to bring the Houston Zoo's exhibit to life!

MEET YOUR HOST - DR. JOE FLANNIGAN

Senior Veterinarian

Dr. Joe Flanagan is a senior veterinarian at the Houston Zoo with over 42 years of providing veterinary care to the zoo's animals, and supporting the zoo's conservation programs around the world. He has been actively involved in the advancement of veterinary medicine through involvement in local, national, and international veterinary organizations. He's a past president of the American Association of Zoo Veterinarians.

"Dr. Joe" has worked for over 30 years with the Galapagos National Park and several Non-Governmental Organizations to preserve and restore critical habitats and the species found there. He has extensive field experience with giant tortoises and land iguanas, but also many other native species. He has led over a dozen tours in Galapagos and has been an invited guest lecturer on wildlife and veterinary topics. He is always eager to share his enthusiasm for the conservation of wildlife.

Map

Summary

- 1) July 20 - 21: Wyndham Quito Airport, Quito
- 2) July 21 - 28: Grand Majestic Yacht, Galápagos Islands

DAY 1
SUNDAY • JULY 20, 2025

Welcome to Quito

Area Overview

The capital of Ecuador sits just 16 mi south of the equator. This well preserved city sprawls out from its historic city center, Plaza de San Francisco, which consists of over 120 historic buildings, including European style homes, ornate churches, and palaces once built for wealthy cacao landowners and former heads of state.

The city was built on the ruins of an Inca city and declared a World Heritage site in 1978. Visitors can walk the cobblestone streets and local markets, and visit the privately owned archeology museum of Alabado. From the top of Panecillo Street, a 655 ft hill, visitors can take in sprawling views over the city with resident volcanoes Cotapaxi and Pinchinca forming a dramatic backdrop.

VIP Meet & Greet Arrival Service

Overview

VIP Meet and Greet service by our greeter who will meet you at the gate of arrival/the terminal entrance and assist you every step of the way till the exit. They will guide you through passport control and customs for international arrivals.

Transfer to your hotel

- ☐ Depart Quito International Airport
- ☐ Arrive Wyndham Hotel

DAY 1
SUNDAY • JULY 20, 2025

Check in at Wyndham Quito Airport

1 Night

Property Overview

Experience the warmest of welcomes when you visit Wyndham Quito Airport hotel. It has a prime location at the Mariscal Sucre International Airport (UIO), as well as extensive meeting space for exemplary business conferences and flawless special events. Embrace the spirit of the Ecuadorian capital, with the hotel as a supremely comfortable and convenient home base, and spend your days exploring Quito’s many fascinating museums and breathtaking sites.

Fast Facts

Highlights

- Relax in the spa or pool after a long day of business or travel
- Dine in the restaurant or in your room with 24 hour room service
- Conveniently located at the Quito airport

Quick facts

- 150 rooms and suites
- Restaurant
- Bar
- Spa
- Swimming pool
- Fitness center
- Business center
- Wifi

DAY 2
MONDAY • JULY 21, 2025

Check out from Wyndham Quito Airport

Transfer to the airport for your flight to the Galápagos Islands

- ☐ Depart Wyndham Hotel
- ☐ Arrive Quito International Airport

Fly to the Galápagos Islands

- ☐ Depart Quito
- ☐ Arrive The Galápagos Islands

Welcome to Galápagos Islands

Area Overview

Known as the “Enchanted Isles,” the Galápagos Islands are an archipelago of 19 isolated volcanic islands off the coast of Ecuador and are considered a museum of marine evolution. Each island has its own distinct and unique ecosystem, with its own iconic resident species: from the lava fields of Fernandina with its primordial marine iguanas to the white sand beaches of Espanola with its playful sea lions to the flamboyant flamingos of Floriana and the dancing blue footed boobies of North Seymour.

DAY 2
MONDAY • JULY 21, 2025

Charles Darwin was inspired by the giant tortoises and finches to conceive his groundbreaking theories of natural selection and survival of the fittest. Although the most famous giant tortoise, Lonesome George, is no longer alive, having lived to be 102 and the last of his species, there are many tortoises that can still be found roaming the verdant hillsides of Santa Cruz and Isabela. The snorkeling sites present a unique opportunity to swim with colorful fish alongside penguins, turtles, and rays under a backdrop of cacti, lava fields, and Palo Santo forests.

Because of the evolutionary processes that can literally be seen in motion here, the trails and sites are heavily controlled by the Galapagos Parks Board - and rightly so.

Check in at Grand Majestic Yacht

Stateroom (Full Board With Coffee, Tea, And Soft Drinks)

7 Nights

Property Overview

A 35m long speedy yacht, the Grand Majestic was built in 2018 and has 8 rooms that can accommodate up to 16 guests. The Grand Majestic is modern and equipped with large living spaces. There's a sun deck with a Jacuzzi for guests to unwind and an al fresco dining area where a friendly crew serves appetizing meals. The rooms are The Grand Majestic is the fastest vessel cruising the Galapagos Archipelago.

The Grand Majestic is the fastest vessel cruising the Galapagos Archipelago.

It is specifically designed for exclusive high end private charters. The guide, captain and crew are dedicated to providing the highest quality service.

Experience & Activities

The Majestic cruises through places like San Cristobal Island, Bartholomew, Egas Port, Tagus Cove, and Urbina Bay. The itinerary includes activities like snorkeling and hiking at Bartholomew Islands, Panga riding, Kayaking, beach walks, and more. Some of the highlights of this trip are witnessing the La Combre, an active volcano at Espinosa Point, getting up close and personal with the unique underwater wildlife of the Galapagos, watching whales and dolphins (conducted during specific times through the year), spotting some rare and peculiar birds and much more.

DAY 2
MONDAY • JULY 21, 2025

Guests will get a chance to see penguins, blue-footed boobies, terns, Nazca boobies, and Galapagos hawks to name a few. They will also get to visit the breeding center to see giant tortoises. There is a certified and seasoned naturalist guide to help guests explore these magical islands.

- Jacuzzi / Hot Tub

San Cristobal: Breeding Center David Rodriquez

DAY 2
MONDAY • JULY 21, 2025

Activity overview

This new visitor site in the northeast part of San Cristobal Island is now accessible by a roughly one-hour road trip from Puerto Baquerizo Moreno. At the Breeding Center, you can admire hatchling turtles from birth until they are 120 days old, when they are returned to their natural habitat. Enjoy a short hike (1 km) and encounter giant tortoises in captivity, snorkeling with sea lions, land and sea birds, blue-footed boobies, and hatchling turtles.

FAST FACTS

Possible Activities: Short Hike (0.6 mi)

Difficulty: Easy/moderate

Type of Landing: Dry

Highlights: Giant tortoises in captivity, snorkeling with sea lions, land and sea birds, blue-footed boobies, hatching turtles

DAY 3
TUESDAY • JULY 22, 2025

Visit North Seymour Island

Activity overview

Snorkelers will enjoy their last underwater experience before we land on North Seymour, the flattest Island we'll visit. The trail at North Seymour heads inland where we will see the largest colony of Magnificent Frigatebirds in Galapagos, Blue-footed Boobies, and occasionally land iguanas. Continue along the coast where you will have ample opportunity to observe sea lions and marine iguanas as we enjoy your final Island sunset.

Black Turtle Cove

Activity overview

Black Turtle Cove is situated in the northern part of Santa Cruz. This inlet is surrounded by mangroves and is only accessible by dinghy. The shallow cove is a safe haven for young marine life. Black-tip and white-tip reef sharks, sea turtles, and a variety of rays are often spotted here.

FUN FACTS

Highlights: Baby hammerhead shark, rays, sea turtles, sea birds

Possible Activities: Dinghy ride

DAY 3
TUESDAY • JULY 22, 2025

Type of Landing: No landing

Difficulty: Easy

Overnight at Grand Majestic Yacht

Stateroom (Full Board With Coffee, Tea, And Soft Drinks)

DAY 4
WEDNESDAY · JULY 23, 2025

Bartholomew Island

Area Overview

Home of the famous Pinnacle Rock, Bartholomew consists of an extinct volcano with a variety of red, orange, black and even green volcanic formations. A trail of stairs leads to the summit of the volcano, boasting one of the best views of the islands.

This small island is located on the centre of the archipelago, and on a clear day, more than ten islands can be spotted from the top of the viewpoint. The diversity and richness of this island is related to the Upwelling Phenomenon, very cold water surrounds the shore and provides food for many marine species.

The Pinnacle Rock, formed by an eroded toba cone, is the most emblematic formation of the archipelago. On its base, a small colony of Penguins cohabit with Sea Lions and Marine Birds. On the visit site of the beach, one can observe juvenile sharks swimming along the shore line, and sometimes on the surroundings, a hawk domains the air.

Great snorkeling opportunities with penguins and sea lions off a golden-sand beach at the foot of popular Pinnacle Rock.

Fast Facts

Highlights: Pinnacle rock, panoramic view, moonlike landscape, penguins, pioneer plants, lava cactus; snorkeling: penguins, reef sharks, rays, and great colorful fish.

DAY 4
WEDNESDAY • JULY 23, 2025

Possible Activities: Dinghy ride, snorkeling & hiking (1.2 miles/ 2 km)

Type of Landing: Dry and wet landings

Difficulty: Moderate/difficult. Walk up to the top of volcano 114 meters, 375 wooden steps

Puerto Egas

Activity overview

There are two separate trails here. The first meanders along the coast to the fur seal grottoes, a safe haven for the shy Galapagos Fur Seal amongst the crags and swimming inlets, and home to American Oystercatchers, marine iguanas and ubiquitous sea lions. The second, less-used trail heads inland to a lagoon at the Salt Mine Volcano where flamingos and other birds are found.

Overnight at Grand Majestic Yacht

Stateroom (Full Board With Coffee, Tea, And Soft Drinks)

DAY 5
THURSDAY · JULY 24, 2025

Tagus Cove

Activity overview

Pirates and whalers in the 19th Century using Tagus Cove for anchorage left their marks on the cliffs of this sunken caldera, a tradition of graffiti that continues to today. A short, steep hike passes Darwin Lake, which sits within a tuff cone and is filled with salt water. This site is an excellent place for viewing land birds, including Ground and Tree Finches, Galapagos Hawks, Yellow Warblers, Large-billed Flycatchers and even sometimes the Woodpecker Finch.

A rare sighting of land iguanas is a treat. A dinghy ride or kayak along the cliffs provides views of geologic features, as well as penguins and other bird species.

Urbina Bay

Activity overview

This site is very unique. In 1954, volcanic activity caused a 3.7 mi stretch of coastline to be uplifted 5 m in a matter of hours, stranding coral heads, and all sea life that couldn't escape, more than half a mile away from the new shore. Walk among the skeletal coral garden, now home to lizards and mockingbirds. Urbina Bay is also home to large, colorful land iguanas. During certain times of the year you may encounter Alcedo tortoises which come down from the highlands to nest in the warm sands of Urbina Bay.

Overnight at Grand Majestic Yacht

DAY 5
THURSDAY • JULY 24, 2025

Stateroom (Full Board With Coffee, Tea, And Soft Drinks)

DAY 6
FRIDAY • JULY 25, 2025

Espinosa Point

Activity overview

This peninsula is on the most pristine and youngest island of Galapagos. Fernandina is highly volcanically active with eruptions occurring frequently, the latest in 2008. Upon landing, you are met by an abundance of small, dark marine iguanas and brightly colored Sally Lightfoot Crabs. Walk out on a pahoehoe lava flow—younger than the one at Punta Moreno—past a few pioneering plants. Along the sandy shore you can see Flightless Cormorants, pelicans, and numerous, lounging sea lions. Sunsets are often stunning.

Vicente Roca Point

Activity overview

The large cave and cleaved tuft cone and caldera wall are impressive geological formations and provide a beautiful backdrop for nesting birds, including Blue-footed and Nazca Boobies, gulls, storm petrels, and Brown Noddy Terns. It also forms a calm gathering area for sea turtles. Along with sea turtles, snorkelers can see many species of colorful fish, penguins, sea lions, sea anemones, small jellyfish, and other sea life.

Overnight at Grand Majestic Yacht

Stateroom (Full Board With Coffee, Tea, And Soft Drinks)

DAY 7
SATURDAY · JULY 26, 2025

Espumilla Beach And Buccaneer Cove

Activity overview

Espumilla is a red-sand beach and a sea turtle nesting site, with an inland trail that passes a small lagoon and into the arid zone where it is possible to view many land birds in a beautiful landscape, including Galapagos Hawks. While snorkeling at Buccaneer Cove, you may see sea lions, fur seals, sea turtles, rays, sharks, pelagic fishes, and amazing underwater geologic formations.

Santiago: Sullivan Bay

Activity overview

Embark on a coral beach landing that leads you to a vast lava field, where you can explore pahoehoe and 'a'a lava for signs of plant life that have emerged over the past 100 years. Experience a variety of lava formations and landscapes, including those primarily found in Hawai'i and the Galapagos, along with a pristine coral sand beach. Enjoy activities like walking, snorkeling, and swimming, but be sure to wear sturdy shoes as the 'a'a lava is sharp and pointy.

Overnight at Grand Majestic Yacht

Stateroom (Full Board With Coffee, Tea, And Soft Drinks)

DAY 8
SUNDAY · JULY 27, 2025

Visit Bachas Beach & Caleta Tortuga Negra

Activity overview

Enjoy a quiet and peaceful morning at Bachas' fine, white beach. Two small lagoons just over the dunes sometimes host flamingos. "Bachas" comes from the remains of a barge which ran aground decades ago, leaving just a few rusty spines visible today. In Caleta Tortuga Negra enjoy a silent skiff ride to see sea turtles feed and mate in the calm waters, and three species of sharks, Spotted rays, egrets, and lava herons. Aboard we celebrate our last night together.

Visit the Charles Darwin Research Station

Activity overview

Visit the Charles Darwin Research Station and Galápagos National Park headquarters and learn first hand of the conservation and research efforts in the islands. There, you'll see several subspecies of adult tortoises, lots of hatchlings, and learn of the repatriation programs that are saving several subspecies of tortoises and iguanas from extinction.

Overnight at Grand Majestic Yacht

Stateroom (Full Board With Coffee, Tea, And Soft Drinks)

DAY 9
MONDAY · JULY 28, 2025

Kicker Rock

Activity overview

This striking rock formation is located a couple hours off the western shore of San Cristobal. Jutting out of the water, the rocks stand vertically at hundreds of feet above the ocean divided by a small channel. Although there are no landing areas, circumnavigation and dinghy rides allow visitors to spot a variety of marine life.

Activity Facts

Highlights: Sharks, tropical fish, turtles, manta rays, hammerhead sharks, spectacular rock formations, sea birds, blue-footed boobies, Nazca boobies, and frigate birds

Possible Activities: Dinghy ride

Type of Landing: No landing

Difficulty: Easy

Check out from Grand Majestic Yacht

Transfer to the airport for your flight to Quito

DAY 9
MONDAY • JULY 28, 2025

- Depart Yacht
- Arrive Galapagos Airport

Fly to Quito International Airport

- Depart The Galápagos Islands
- Arrive Quito

Connect with you evening international flight home

COSTS

Total per person based on 2 guests in shared accommodation: \$11,995 USD

- A Single Supplement charge of \$11,495 is available. Due to there being a fixed number of rooms on the yacht, if you would like a single room, you will be required to pay for two people.

Notes:

- A 30% deposit is required to confirm your registration. An invoice will be emailed to you.
- We accept checks and ACH payments or wire transfers to our US based bank for all payments. **Most major cards may be used only for deposit payments.**
- Balance due 120 days prior to the start of the safari.
- **CANCELLATION:** All deposits are non-refundable. Deposits generally cover the costs of canceling the services already booked, if the cancellation is received in our office no later than 120 days prior to arrival. If the fees charged by our suppliers exceed the deposit, an extra charge may apply.
- Cancellations received in our office 120 days prior to arrival are subject to cancellation fees of 100% of the safari price. Refunds for any services that are voluntarily not used will not be issued.

This cost includes:

- All land and air transportation in Ecuador.
- All accommodations in hotels and on the yacht as indicated in the itinerary.
- All meals from welcome dinner on Day 1 through breakfast on final day as indicated in the itinerary.
- All adventures and related equipment as indicated in the itinerary.
- Bilingual naturalist guide(s) who is a certified Wilderness First Responder, NOM-9 graduate and Leave No Trace certified.

COSTS

- Entrance fees, national park conservation fees, and permits.

This cost does not include:

- International airfare
- Travel insurance
- Gratuities
- Any activities, meals or drinks not explicitly identified in the itinerary

ABOUT SAFARI PROFESSIONALS

About Us

With a combined 60+ years of safari experience, Safari Professionals offers customized itinerary planning for zoos and aquariums that merges itineraries with the zoo's or aquarium's conservation initiatives.

We view our relationship with our partner zoos and aquariums as more than being simply a supplier of customized wildlife conservation travel, we establish a wildlife conservation partnership – a relationship that goes beyond the traditional model.

Tom LaRock

Chief Exploration Officer

As the former Executive Director of the Friends of the National Zoo, Tom has an understanding and love of wildlife and helps manage sustainable and responsible travel for his clients. To help potential travelers identify their personal priorities, Safari Professionals relies on Tom's extensive knowledge of wildlife, safari guides and accommodations to craft an itinerary that meets or exceeds expectations.

James Ward

Chief Adventure Officer

James was introduced to Africa at the age of 15 and has been in love with traveling to the bush to photograph wildlife since. He has traveled extensively throughout Africa, Asia, and the Americas, visiting some of the most beautiful and wildest national parks in the world. James brings a unique perspective as he designs tailor-made group and private safaris.

ABOUT SAFARI PROFESSIONALS

James has spent the last three years traveling extensively around the world to find new destinations and design unique safaris so Safari Professionals' travelers can have an intimate experience with nature. His travels have brought him to throughout Africa, including Botswana and Namibia; Asia, including Indonesia, Malaysia, and India; and the Americas, including Patagonia and Alaska. amongst other locations, visiting hundreds of lodges and destinations to become an expert on safaris to these areas, amongst others.

James is a professional wildlife photographer who tries to share his love of the natural world through his images. He prefers to travel to remote destinations, the wilder the better, and photograph on foot, many times lying on the ground. His images have been published in several publications and his art has been featured in photography exhibitions. James has also been hired by conservation organizations to photograph their projects, including the Saint Louis Zoo's WildCare Institute's Center for Avian Conservation in the Pacific Islands.

Sam Kanakanui

Chief Opportunities Officer

Joining the Safari Professionals team in 2019, Sam brings over 30 years of business acumen including knowledge in IT, marketing, and operations to the Safari Professionals family. Born in Hawaii, raised in the mountains of West Virginia and living now in the Piedmont of North Carolina, Sam has always enjoyed spending time exploring nature and has developed a keen interest in conservation..
